STARTING PRE-KINDERGARTEN WITH EASE

Small Group Orientation:

Recognizing that coming to school for the first time may be a little stressful for young children (and parents too) and to help ease the transition from home to school we have planned a staggered entry for our pre-kindergarten students. Your child will come on either September 3rd or 4th and he/she will attend from 9:00 am - 11:00 am. The smaller group size helps the teacher to get to know your child a little better and facilitates the introduction of new routines.

Please see attached letter for your child's Staggered Entry Appointment.

If you have any questions, please contact us. ÉPK school office will remain open until Thursday, June 27th, 2024. After this day, if you prefer to call, please leave a voicemail as the office will re-open August 19th, 2024. We

will respond to all emails and voicemail messages received throughout the summer during the week of August 19 – August 30th, 2024.

WHAT IS EPK PARENT COUNCIL?

École Père Kenneth Kearns Catholic School also has a fantastic School Council. Each month they meet to help guide the direction of the school, assist in decision making that affect all ÉPK students and keep up to date on the amazing opportunities for students. They also plan and coordinate special events, as well as establish fundraising opportunities to support Faith experiences at school, and many Cultural events. It is also an excellent way to get to know other parents in the school and develop lasting relationships. As a parent of a child(ren) attending ÉPK, you are encouraged to attend meetings as well as participate in the planning and volunteering for events. Ensuring we have Pre-kindergarten parent voices is vital. All meeting dates are posted on the school website at epk.eics.ab.ca under Parents.

TIPS FOR A SUCCESSFUL START

For some children, starting pre-kindergarten might sound super exciting, but for others, it is quite intimidating. After all, a child has to experience and adjust to a completely new environment which can be pretty scary (even for parents). If your child is having mixed feelings about starting pre-kindergarten, don't worry about it. It is absolutely normal to feel overwhelmed with different emotions. Here are a few back to school tips for parents of pre-kindergarteners!

Get a school routine going early

Summertime schedules are often different from school year schedules, and there's nothing wrong with that. However, kids do well with routines so establishing a school routine early is important.

Get appropriate gear for your pre-kindergartener

There are tons of cute and fun school supplies out there! A tiny backpack is not very useful. The backpack should be able to hold a water bottle, a snack bag and on occasion treasures your child has created.

Talk and read about school

Listen to your pre-kindergartener and answer any questions they might have. Share insights into when you were in school and all the fun you had there. Books about school are a great way to generate conversation.

Encourage independence

While no one expects a 4 year old to do everything on their own, age appropriate independence is important. Some important tasks would include dressing and toileting themselves and cleaning up after themselves. While perfection isn't necessary, working towards independence is the goal.

Prepare for back-to-school emotions

Sometimes young children deal with separation anxiety when school time rolls around. Honestly, some parents have trouble separating from their children too. In both cases, those feelings are totally normal! Many of the above tips will help ease school anxieties. Children adjust to new experiences and in no time they will wave good-bye to you and join their friends to have a morning of fun.
